

# NEED A WEEKEND OR EVENING APPOINTMENT?

## HERE Improved Access Appointments

*This is a pre-bookable NHS service you may have recently been offered an appointment at a Medical Practice to see a GP or other healthcare professional in the evenings or weekends.*

Evening and weekend appointments are now available to book in via your practice, please discuss with the Reception team. In order to utilise one of these appointments, you will be required to give consent for access to your notes to both read and add to them. This will ensure continuity and safety despite the likelihood that you will be seen in a different practice by a clinician who is new to you

Appointment times will be between 6:30-7:30pm on Wednesday evenings and Saturday morning appointments are from 11am-12:30pm

**These appointments can be face to face or telephone appointments and will be at The Havens Practice, Peacehaven**

Sunday appointments are telephone appointments only and are held from The Foundry, Lewes between 9:00-12:00

Bank Holiday appointments will also be available at The Foundry.
